

Hello,

We hope everyone is in good health and a good place during these stressful times.

Agape Academy is dedicated to doing all we can to limit contamination in our center. We are taking additional steps beyond the state licensing requirements to make sure our children and staff have the safest and healthiest environment to come to.

The following are just a few of the safety measures we will be taking:

1. We will be serving our biggest meal (lunch) in individual classrooms to keep group sizes smaller.
2. Our busiest drop off time (9 am) will be at the door to meet a staff member instead of the classrooms.
3. Once we have shut down a room for the evening and disinfected it, that room will be closed to all parents and children.
4. All adults and children will wash hands upon entering the building.

All of these things are to limit contamination in Agape.

We have had an overwhelming amount of support from our families and staff and we are so grateful for all of it. It is heart warming to see everyone come together and keep Agape and our families as safe and as healthy as possible.

We hope everyone remains calm, kind and healthy during these stressful times.

Much Love to all and forever grateful
